PERSONALIZATION "POINTERS"

In order to help eliminate spelling mishaps, we accept orders by fax (406.837.3010), website or email (sales@oldwoodsigns.com) only. Please write legibly. If you insist on placing your order by phone, we cannot guarantee that it will be produced correctly.

Remember, when changing a sign **LESS IS MORE**. The **MORE** you change the sign the **LESS** it will look like the original. The risk of disappointment is much greater.

We are happy to change a name, a location or a body of water for **FREE**, wherever you see the indication arrows. You will be up-charged **\$25.00** for changing text other than what is indicated. Taking text from one design and putting it in another design constitutes an up-charge. The extent of the change may constitute a higher charge. We do not change fonts. Your changes will be positioned according to our designers' expertise.

If you are changing a sign you plan to reorder, your **re-design** will remain in your store file and will incur no further charges when you order the same sign in the future. Generic signs are sold "as is" and cannot be changed. When re-ordering the identical sign, please include a brief description of the personalization and the words "As Before" next to the item number.

Successful retailers sell our signs pre-personalized or generic straight from store inventory. Don't make the mistake of **only** special ordering signs one-at-a-time for specific customers. The retailer who chooses to sell only special orders is losing valuable impulse sales.

Your order is specifically manufactured per your order. We do not carry inventory. Your order is binding. Manufactured orders cannot be canceled. Signs cannot be returned. We do not guarantee any sign (unless we've misspelled it or UPS damages it.)

We charge \$75.00 for color changes, logo insertion (scanning) and image designing and/or redesigning. This charge may also be incurred by extensive verbiage changes.

Thank you for your business.

for at night when the winds are asleep
the stars confide to him their secrets.
Tireless ever, for he gets his rest in motion.
With acute ear he listens along every coast

All rivers run to meet him,
carrying tidings from afar,
and ever the phosphorescent dust
from other spheres glimmers on his surface."

Curl knees against chest,
Arms straight. Stick tips of
Skis out of water at 45
angle. Now boat driver pulls
skier slowly along to help
him achieve correct position.
Then skier yells "To hit it"
and driver takes about 2
seconds to get full power
Until skier is riding clear.

Come out of couch slowly
by straightening legs,
keep arms straight, and
waist bent. Skier should
ride along in bent position
until he feels securely
balanced, and that skis are
running well. Weight is
still slightly back.

As boat pulls, skier will rise to
surface. He should not try to pull
himself up. Arms should be kept
straight and knees against chest
until skis are almost on surface.
Then skier should hold crouch
position until he feels skis start
to plane. Crouch position
maintains center of gravity to
the rear so tips of skis are out.
Hold skis about 6 inches apart.

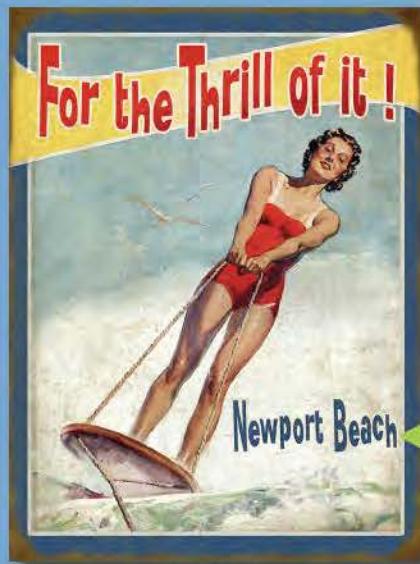

Skier assumes erect riding position
as soon as he feels confident. Body
is straight except for slight bend in
knees which allows upper body to
lean back against the pull of the
rope. Skier does not bend at hip or
waist, keeps shoulders well back and
arms straight. Erect riding position
is much less fatiguing than the
crouch. Knees are kept relaxed to
act as springs to absorb bounces.
Backs of skis are pressed into water
by the heels to keep tips up. (69)
