ORDER IN *4 SIMPLE STEPS*

STEP 1

CHOOSE IMAGES

Choose images that will appeal to your customers - just have fun!

STEP 2

WOOD OR METAL

Wood is a more traditional look. (lodge, country, home decor) *Indoor or covered outdoor use.

Metal is more kitschy (automotive, poolside, dive bar, brewery) *Outdoor most conditions.

STEP 3

CHOOSE SIZE

Some people might think smaller signs sell better, well our 30 years of experience prove that actually larger signs sell better! Mix it up!

STEP 4

ADD TEXT

This is the fun part! Create a sign completely unique to your business, your area and your clientele. Change the text anywhere you see the arrows.

PERSONALIZATION "POINTERS"

In order to help eliminate spelling mishaps, we accept orders by fax (406.837.3010), website or email (sales@oldwoodsigns.com) only. Please write legibly. If you insist on placing your order by phone, we cannot guarantee that it will be produced correctly.

Remember, when changing a sign LESS IS MORE. The MORE you change the sign the LESS it will look like the original. The risk of disappointment is much greater.

We are happy to change a name, a location or a body of water for FREE, wherever you see the indication arrows. You will be up-charged $25.00 for changing text other than what is indicated. Taking text from one design and putting it in another design constitutes an up-charge. The extent of the change may constitute a higher charge. We do not change fonts Your changes will be positioned according to our designers' expertise.

If you are changing a sign you plan to reorder, your re-design will remain in your store file and will incur no further charges when you order the same sign in the future. Generic signs are sold "as is" and cannot be changed. When re-ordering the identical sign, please include a brief description of the personalization and the words "As Before" next to the item number.

Successful retailers sell our signs pre-personalized or generic straight from store inventory. Don't make the mistake of only special ordering signs one-at-a-time for specific customers. The retailer who chooses to sell only special orders is losing valuable impulse sales.

Your order is specifically manufactured per your order. We do not carry inventory.
Your order is binding. Manufactured orders cannot be canceled. Signs cannot be returned.
We do not guarantee any sign (unless we've misspelled it or UPS damages it.)

We charge $75.00 for color changes, logo insertion (scanning) and image designing and/or redesigning. This charge may also be incurred by extensive verbiage changes.

Thank you for your business.

Curl knees against chest, Arms straight. Stick tips of Skis out of water at 45 angle. Now boat driver pulls skier Slowly along to help him achieve Correct position. Then skier yells "To hit it" and driver takes about 2 seconds to get full power Until skier is riding clear.

Come out of couch slowly by Straightening legs, keep arms Straight, and waist bent. Skier should ride along in bent Position until he feels securely Balanced, and that skis are Running well. Weight is Still slightly back.

As boat pulls, skier will rise To surface. He should no try to Pull himself up. Arms Should be kept straight and Knees against chest until skis are Almost on surface. Then skier Should hold crouch position until He feels skis start to plane. Crouch Position maintains center of gravity To the rear so tips of skis are out. Hold skis about 6 inches apart.

Skier assumes erect riding position As soon as he feels confident. Body is straight except for slight Bend in knees which allows upper Body to lean back against the pull Of the rope. Skier does not bend at Hip or waist, keeps shoulders well Back and arms straight. Erect riding Position is much less fatiguing Than the crouch. Knees are Kept relaxed to act as springs to Absorb bounces. Backs of skis are Pressed into water by the heels to keep Tips up.

From sea to lakes to lagoons, seagulls are found on every continent. Their connection to water is symbolic. Decoratively they give any décor a unique character. Made from thick wood, These 3 gulls are large. Wood is an imperfect surface so you may find knots or scuffs. The gulls come pre-drilled so they can be positioned to fit the space.

Since the '80's, Meissenburg Designs has continued to develop new signs with a classic vintage appeal in a wide variety of categories. Brain-storming, designing, manufacturing and shipping all happen in one location.

Our customers range from national to international retailers, resorts, television show promoters, conservation groups, non-profits and food and beverage businesses. No customer is too small or too big. We are pleased to be able to produce this beautiful vintage art to new generations of aficionados.
